Education

B.I.T. Sindri

Bachelor of Technology, Electrical Engineering | CGPA: 8.18

August 2023 – Present

Dhanbad, Jharkhand

Technical Skills

Languages: JavaScript, TypeScript, Java, Python

Frontend: React.js, Next.js, React Native, Redux, Tailwind CSS, GSAP, Recharts

Backend: Node.js, Express.js, Spring Boot, REST APIs, WebSocket/STOMP, SSE

Databases & Cache: PostgreSQL, MongoDB, Redis, Firestore

Tools & Platforms: Git, GitHub, Firebase, GCP, Vercel, Postman, Agile/Scrum

Experience

CricsHub

January 2026 – Present

Software Development Engineer Intern

Remote

- **1000+ users on Play Store:** Shipped a Dream11-style fantasy cricket platform — 100-credit team builder, Captain/Vice-Captain selection, real-time leaderboards, and automated points engine — built on Spring Boot, PostgreSQL, Redis, and React Native (Expo).
- **B2C SaaS streaming tool:** Developed a live cricket broadcast platform for club-level streamers with real-time OBS overlays via WebSocket/STOMP, SSE score delivery, premium overlay bundles, and paid add-ons (Win Predictor, Event Burst) via Razorpay.
- Deployed on **GCP** (Spring Boot microservices, PostgreSQL, Redis) and Vercel; implemented multi-operator stream lock, Firebase Auth with Google OAuth2, and JWT role authorization across both platforms.

It's Your Story

November 2024 – February 2025

Full Stack Developer Intern

Remote

- **62% increase in stories posted** and **138% increase in engagement** after shipping StoryQuest — a competitive blogging contest platform with submission pipelines, community voting, and winner workflows built on React, Firebase, and Firestore.
- Refactored **~100 frontend modules** from JavaScript to TypeScript, eliminating runtime errors and establishing codebase standards; integrated product analytics for user behavior tracking.

Projects

AttendX | React Native, Express.js, PostgreSQL, Redis, JWT | Private Org

March 2025 – Present

- Geolocation-based attendance system with Expo Location API, Haversine geofencing, Express.js REST APIs, PostgreSQL, Redis caching, and role-based access for teachers and students; deployed on Render.

EventSphere | React, Node.js, MongoDB, Firebase, Cloudinary | GitHub

June 2025

- Full-stack event booking platform with registration, form validation, and real-time confirmation emails; **50% reduction in page load time** via Cloudinary CDN and lazy loading.

ArduPilot | Open Source, C++ | GitHub

January 2026 – Present

- Contributed bug fixes and documentation improvements to one of the most widely used open-source autopilot systems; **3–5 pull requests** resolved from the active issues backlog.

Leadership & Achievements

ISTE Students Chapter, BIT Sindri

October 2023 – Present

Technical Aide → Secretary

- Spearheaded Triveni techfest — **1000+ participants**, **5000+ footfall**; evaluated **600+ applications** for induction; manage chapter operations, sponsorship, and website as Secretary.

Electrical Engineering Society, BIT Sindri

December 2024 – Present

Executive → Secretary (Finance)

- Oversee budgets, sponsorship drives, and cross-team fund allocation; facilitated MERN workshop for **100+ students**; scaled alumni network to **150+ members**.

Competitions

- **2nd Place** – Nexus 3.0 Web Development Competition (500+ registrations)
- **3rd Place** – Spider 3.0 Web Development Competition (300+ participants)
- **Top 20 Finalist** – Hackatron 36-Hour Hackathon (1000+ participants)
